PERSISTENT ORGANIC POLLUTANTS (POPs) DECLARATION

Persistent organic pollutants (POPs), such as pesticides and some industry chemicals, which can be transported across international boundaries far from their sources and which persist in the environment, or bioaccumulate through the food chain, pose a risk to human health and the environment.

We RADE KONCAR Kontaktori I relei monitor the prohibited substances and restricted substances listed in the POPs Regulation. We evaluate the presence of any substance in our products. Our products are up-to-date based on the verified information from our suppliers.

Hereby confirm (to the current state of information, received from suppliers), that all products and respective packaging, supplied by us and used according to its specifications, are in compliance with the regulation (EU) 2019/1021 (in its current amendment of 28th of June 2023) correspond.

They do not contain any substances classified as POP (Persistent organic pollutants).

Sincerely yours

Velibor Ivanovski, general manager

Skopje, 28.06.2026
