TSCA DECLARATION OF CONFORMITY

As required under the Toxic Substances Control Act (TSCA)¹, as amended by the Frank R. Lautenberg Chemical Safety for the 21st Century Act, the Environmental Protection Agency (EPA) issued five (5) final rules on January 6, 2021, to reduce exposures to certain chemicals that are persistent, bioaccumulative and toxic (PBT)² (the "Rules"). These chemicals build up in the environment over time and may result in potential risk to exposed populations, including the general population, consumers and commercial users, and susceptible subpopulations (such as workers, subsistence fishers, tribes and children).

The Rules limit or prohibit the manufacture (including import), processing, and/or distribution in commerce (including within articles) of the following PBT chemicals:

- Deca Bromo diphenyl ether (Deca BDE)
- Phenol, Iso propylated Phosphate 3:1 (PIP 3:1)
- 2, 4, 6-tris(tert-butyl) phenol (2, 4, 6-TTBP)
- Hexachlorobutadiene (HCBD)
- Pentachloro thiophenol (PCTP)

RADE KONCAR Kontaktori I relei certify that it is compliant with the requirements of TSCA regarding the five (5) PBT chemicals listed above and that none of the above-mentioned chemicals are intentionally used or added to our products.

This Declaration is based upon information provided to us by our suppliers about raw materials and/or components used in the manufacturing of our products.

For all additional information inquiries related to our products or services, please contact rk@radekoncar.com.mk.

Sincerely yours

Velibor Ivanovski, general manager

Skopje, 28.06.2026
